Bath Vanities

ELEMENTS by Hardware Resources
Add a Beautiful Vanity to your Bath
Complete your bath with a furniture-grade vanity – MDF wood construction, ample storage and counter space, carved details, and a beautiful finish.

Easy installation
Most Elements vanities come completely assembled with the top and bowl preinstalled and the holes for plumbing precut in the back panel. Installation is as easy as removing the box, placing the vanity and hooking up plumbing.

Finishes created by hand
Wood grain, highlights and shading are all created by hand in the multi-layer finishing process. Colors are designed to coordinate with multiple design schemes. Finish swatch kits are available from your sales representative.

Variety of styles & sizes
From 24” single to 72” double, there is an array of sizes and styles to fit any need.

Solid countertop
Each countertop is solid granite, marble or porcelain. No composite or fillers are used.

Designed for 8” widespread faucet
Each countertop is precut for use with an 8” widespread faucet.
**High quality MDF wood**

MDF provides a strong yet flexible wood material that looks beautiful painted or stained, while being more economical to produce. All materials used in Elements vanities meet strict CARB2 certifications.

**Solid furniture-style construction**

High quality MDF wood materials and furniture-style construction provide a long lasting furniture vanity.

**Maximized storage**

Large cabinets and drawers fitted around plumbing provide ample storage in each vanity. Models 48” and larger offer additional drawer storage.

**Full extension slides**

All vanities are equipped with full extension slides to maximize the usability of the drawer.

**Upgraded packaging**

Extra padding helps protect against damage in shipment.

**Limited Lifetime Warranty**

Lifetime warranty for defects in materials and craftsmanship for the original purchaser.
